Diploma of Logistics

TLI50415 Online

CAL's "gold standard" nationally accredited Diploma of Logistics Qualification is fully recognised in Australia and, highly respected in Asia Pacific and throughout the worldwide supply chain.

This **NEW ONLINE Qualification** program has been developed and designed to provide participants with a select group of highly practical and useful technical, leadership and management units that will give you all the skills you need to structure a business to create the ideal operating environment; understand how goods and services move from supply to production and the marketplace and ensure that your business has the people it needs.

5 video based Units of Study that cover all the course and industry requirements:

CAL's online Diploma of Logistics is a **NEW** program designed by industry practitioners to be current and immediately relevant to your work. It combines the technical work practices so necessary for managers in Logistics, transport warehousing and supply chain management with a carefully selected grouping of leadership & operational skills along with the critical safety and people management processes so necessary for logistics management to provide you with an 'all round' best practice qualification that will give you a real & significant head start in pursuing a management career in Logistics, supply chain and/or warehousing on both a local and international stage.

The program imparts all the key skills required to effectively manage transport and logistic enterprises as well as effectively manage productivity in the workplace including: People, performance and work, health and safety.

This diploma program comprises 5 comprehensive units of study

1. Logistics and the Supply Chain
2. Manage Self and Lead and Manage Effective & Productive Teams
3. Manage Suppliers & provide Excellent Customer Service
