What IT requirements do I need to complete the course?

You will need regular access to a laptop, desktop computer or another device with an adequate and reliable internet connection, at least the equivalent of Microsoft Office or Office for Mac, with word-processing capabilities and spreadsheets and a PDF reader installed, full permissions to install and access third-party software as required. What are the assessments?

There are no exams for the course. All assessments involve practical and job-ready applications based on your workplace or the case studies we provide. There are different assessment elements, including interactive simulation and role play activities. These activities are conducted with a Learning Coach and may need to be completed with others (e.g. coworkers, friends or family) in real-time through Zoom or in a pre-recorded video. Video assessments allow us to assess your interpersonal skills needed for management roles. This is an innovative method to engage with your learning by acting out crucial situations you would encounter in the workplace, in a safe environment with an industry expert. You'll be able to hone your new skills in real-time with your Learning Coach and get valuable feedback so you can confidently demonstrate your learning in the workplace.
