

Policy Name	Confirming Student Identity Policy
Date	29 June 2018
Responsible dept.	Student Administration
Current Version	V1

PURPOSE

In order to ensure privacy laws are adhered to, and student confidentiality is maintained, CAL confirms student identity prior to discussing/confirming anything related to a student or making any changes to a student's record.

SCOPE

This applies to all CAL staff.

POLICY STATEMENT

CAL students have the right to access information about themselves or change their personal details.

CAL will maintain privacy of its students and integrity of student data by ensuring qualifying questions are asked and answered correctly, before discussing/confirming or altering any area of a student's arrangements with the College.

Until the identification of the student (either by phone or email) is confirmed, no discussion is to take place.

Supporting Documents:

- CAL Student Handbook,
- CAL Privacy Policy,
- CAL Records Management Policy,
- Request to Access Information Form.

PROCEDURE:

- Student requests information (or wants to update details) by phone or email,
- Student administration will advise the student that they will need to verify some details for privacy purposes,
- An authorised CAL employee locates the student file in PowerPro, CAL's secure Learner Management System,
- The authorised CAL employee will ask the customer to confirm two (2) personal details – address and date of birth preferred (phone number is not to be used),
- Continue the enquiry once two (2) personal details are correctly confirmed.

NOTE: If details given do not match the information we have on file, the request cannot continue. Ask the student to log in to their online dashboard and use the “Contact a Coach” link to send their enquiry.
